

widget

```
classDiagram
    class widget
    class diskselector
    widget <|-- diskselector
    diskselector -- o scrollable
```

The diagram consists of two rectangular boxes. The top box is labeled 'widget'. The bottom box is labeled 'diskselector'. A vertical line connects the bottom of the 'widget' box to the top of the 'diskselector' box, with an open triangular arrowhead pointing towards 'widget'. To the right of the 'diskselector' box, a horizontal line connects to a small circle, which is then followed by the text 'scrollable'.
